What follows is a list of fall gallery shows worldwide that we feel should not be missed. Making it onto the list was not easy; our selection was culled from hundreds of upcoming exhibitions. But we add the caveat that we could only choose from those that had been scheduled by our midsummer press deadline. That said, we're sure these will delight you and keep you up-to-date.

"In October I will be showing three videos from a new series that was shot in New York this year. They're built as episodes in a complex story of love, betrayal, and social justice; I plan to shoot four additional videos in this series in the winter."
