

Bors, Chris, "Chris Caccamise picks in New York", ARTINFO, 10 April 2008.

# BLOUIN ARTINFO

**Greg Smith** at [Susan Inglett](#), through April 19

"Greg Smith forces us to reconsider aspects of our lives that we take for granted by dissecting them and showing their splayed innards in a humorous way. Here he reinvents animation using ping-pong balls, hand-colored asterisks, and a large machine made of crudely assembled lumber and pipes, and creates a video that I could watch hundreds of times without becoming bored."
